WELL-BEING *for* LIFE

LUXURY IN THE BATHROOM

DANSANI LUNA

With superb Danish design and intelligent functionality, Luna lets you have a perfect bathroom that lures you out of bed each morning and gives you a great feeling of wellbeing.

Because with Luna you have the freedom to furnish your bathroom just the way that suits you.

The furniture can be customised, with your own unique choice of colours and using mirrors, basins and attractive accessories to finish everything off perfectly, so it is really yours.

98 SUSTAINABILITY

YOUR BATHROOM

YOUR NEEDS

Width, depth, height – the Luna series is flexible in all three dimensions, so it is ideal for bathrooms of all sizes, including those with odd angles and sloping ceilings. Combine with a vanity unit or more than one to get the width to suit the room. Look at the two settings here, for instance, with two units, the same or different widths, and check out the option for 100 % customised dimensions combined with a Minore basin and worktop (see p. 32).

If your bathroom is very narrow, use the 35 cm projection option instead of the usual 44 cm. Don't forget the height, either: you can choose two drawers in the same height, or the version with an extra deep bottom drawer, which gives you enough space for taller items, perhaps because there is no room for them in other storage units in your bathroom.

WITH DOORS

W 40 cm / H 48 cm / D 26 cm

WITH DRAWERS

W 60, 80, 100, 120 cm / H 48, 64 cm / D 35, 44 cm

THREE UNITS WITH DRAWERS

TWO UNITS WITH DRAWERS

W 160 cm (80 + 80 cm) / H 48, 64 cm / D 35, 44 cm

Customise the furniture
in your favourite colour,
or go for a Nordic choice
such as Nordic Oak.

Get a grip on style
with a cool handle,
or go for elegant
or romantic, broad,
black or brass – or
no handles at all, just
push-open.

Choose between two drawers in the
same height or, as shown here, the
version with an extra deep bottom
drawer with room for taller items.

THE PERFECT

BATHROOM

Make everything join up, so the bathroom is not just a place where you take baths and brush your teeth, but a space that is stimulating and inspiring. The Luna series is beautiful, simple Scandinavian design with lots of neat functionality that will please you every day.

Towels, laundry, underwear, creams, shampoo and everything else – there must be space for them all. With wall cabinets and tall cabinets you have a tidy bathroom with a place for everything.

40 cm - White matt

The smartest little Micro Menuet basin is perfect for a small bathroom, and the unit has room for the essentials.

40 cm - Black rubber, integrated handle

Micro Menuet basin 243.- Article no. 534404003 /
 Vanity unit 440.- M01-2237 /
 Level mirror 359.- Article no. 94040

CREATIVE WHERE SPACE IS TIGHT

SMALL & COOL

If you only have a small area in your bathroom, then a smaller and narrower basin and vanity unit are a smart idea. There is room in the vanity unit for the most essential items, and you put the space under the basin to the best possible use. Don't forget the rest of the wall area – there may be room for a wall cabinet or two over the toilet, or if you choose a mirror cabinet like the one shown opposite. the room feels larger. Mirror cabinets and wall cabinets provide lots of practical storage space.

FURNISHING TIP

Jupiter pendant lights and a couple of shelves for some flowers from the garden and your favourite perfume create cosiness.

**ADJUST THE DEPTH & GET
MORE SPACE**

Less depth in the furniture will give you more elbow room if the bathroom is narrow. The smart Minore and Menuet basins are supplied in small sizes and short projection options, so they fit perfectly here.

80 cm - Bespoke colour, integrated handle

Mini Minore basin 484,- Article no. 337208103 / **Vanity unit** 1,728,- Article no. M03-2099 / **Colour surcharge net colour set-up fee** 180,- Article no. B11 (NCS S 4010-Y70R) / **Corona mirror** 508,- Article no. 94270

60 cm - White matt, integrated handle

Mini Menuet basin 382.- Article no. 534306003 / **Vanity unit** 793.- Article no. M05-2043 / **LED downlight to floor** 241.- Article no. UL60 / **Support legs** 23.- ea. Article no. 842110010 / **Level mirror cabinet** 1,016.- Article no. S576-243

Accessories: **Wall cabinet** 309.- ea. Article no. M23-2243 / **Push-open** 0.- ea. Article no. PO30-40 / **Metal shelf, wooden tray and metal organiser** 70.- Article no. SP3 / **Handy illuminated make-up mirror with light** 58.- Article no. MS

FURNISHING TIP

Light and lighter colours make a room larger, like this one with white furniture and white walls. Plus we have thought of storage in the extra deep lower drawer in the vanity unit, a single mirror cabinet with shelves, USB and electric sockets and a large wall cabinet that does not extend into the room. With everything in drawers and cabinets, a small bathroom is never untidy, but looks light and inviting.

A Handy magnifying mirror with integrated lighting and touch control can be used anywhere. It is shown here in a mirror cabinet with a magnetic holder, but you can take it with you on holiday if you like. It is easy to charge through the integrated USB port.

180 cm - Black rubber, integrated handle

Mini Minore basin, made to measure 2.250.- Article no. 337718503 /
Vanity unit 1.291.- ea. Article no. M02-2037 / Cabinet 1.291.- Article no. M43-2037 /
Soft mirror 397.- ea. Article no. 94160 / Jupiter light 89.- ea. Article no. 190303887

Accessories: Wall cabinet 523.- Article no. M23-2137 /
Jupiter ceiling light 98.- ea. Article no. 190302850 / Overflow ring 9.- ea. Article no. 4880128

FURNISHING TIP

Exploit a long wall in a narrow bathroom easily, without losing elbow-room, so there is still space for several people. Simply choose the short projection vanity unit, and make the basin as wide as possible, as shown here.

MAKE IT
PERSONAL

There are no limitations, even if you have fallen in love with a special moss green that matches your floor, or you want to wake up to furniture in cool midnight blue. Luna furniture can be supplied in all colours – the choice is limitless. Romantic, minimalist, or dramatic and masculine? Combine the colour with the basin that matches the style you want, with handles, mirrors and accessories.

*If something is
worth doing, it's
worth doing well*

QUALITY OF YOUR LIGHTING

We have tweaked and fine-tuned the quality of our lighting for years, so we are one of just a handful of suppliers who come very close to daylight quality. You can see yourself in as natural a light as possible – and feel happy. Good lighting actually adds to the quality of life. We feel most comfortable in daylight, but on average people spend 80 % of their time indoors, so it is vital that the light indoors is as close to daylight as possible.

And we have also thought of lighting as a daily aid and source of pleasure for you. No need to search – get a complete overview with a light when the cabinet or drawer is open.

BRIGHTENING UP

Light controls the body's circadian rhythm, so too much light in the evening before bedtime may make it difficult to fall asleep. Controlling the light in your bathroom helps to deal with the challenge. Subdued, reddish lighting does not disturb your natural rhythm before bedtime. In the morning, the lighting should be stronger and more blue, because now it's time to wake up, and you need to be able to do your hair and put on make-up so that you look most natural when you go out in the daylight.

UNIQUE TOUCH CONTROL EVERYWHERE IN THE BATHROOM

Most Luna mirrors and mirror cabinets have touch control, so that by pressing once on the panel you can adjust the colour and intensity of the lighting, depending on the time of day and your needs. You can connect all bathroom lighting with touch control, so that the ceiling and pendant lights and mirror cabinet lighting are all controlled by a single touch.

Adjusting the mirror lighting once will also adjust the colour and intensity of the spotlights and pendant lights. The unique wireless control is easy to set up, and does not require a Wi-Fi connection. You can even synchronise the lighting for a double mirror solution. Up to five pendant lights and ceiling lights can be connected to each receiver unit.

DON'T WAKE UP TOO MUCH

We have also thought of night lighting, so that you don't wake up completely if you need the toilet at night. As a brand new feature, Luna vanity units can be fitted with a night-light function with motion sensor, so an unobtrusive light turns on under the cabinet – just enough for you to find your way.

ROOM FOR MORE THAN ONE

A beautiful light look in Nordic oak combined with smooth push-open fronts. Double basins in a stringent design allow space to share the morning routine in front of the mirror, and of course, the intensity and colour of the lighting can be adjusted according to the time of day.

CUSTOMISED

FOR YOU

You can choose an elegant full-width Minore basin made to measure in widths up to 240 cm, and customised for your bathroom. It's up to you whether you want one or two basins, with or without overflow, and whether the mixer tap is to be deck mounted or wall hung.

Check out the small glass shelf, too – it's simple, light and attractive, and perfect for your favourite perfume, a little vase, or jewellery.

176 cm – Bespoke colour, integrated handle

A PERFECT MATCH

Take full advantage of an alcove like this with a Minore basin and made-to-measure worktop. There are two basins here, but of course, the choice is yours. The vanity unit is fitted in with infill panels to give you a perfect wall-to-wall solution.

Note too the custom soft pink colour, which is a perfect match for the tiles.

It is much easier to keep track of all the small items with the exclusive wooden trays for Luna drawers – a smart accessory option.

THE LUXURY BATHROOM

There is plenty of space here with the smart countertop basins, and the mirrors are built-in mirror cabinets with ideal lighting and lots of storage space.

MAKE ROOM

From this big, deep basin it is easy to splash water on your face every morning. There is lots of space here – and with everything stored in the tall cabinet, in the drawers, and not least, in the mirror cabinet, it is really easy to keep the bathroom looking good. Even when there are several people using it.

HOW TO

AVOID CLUTTER

Lots of practical storage space means less clutter, especially when many people use the bathroom. A wall cabinet for smaller items, so they're not left on the worktop. Or a tall cabinet or base cabinet for the family's towels and underwear, with a smart laundry basket that is easily pulled out when it is time for a wash. And then you can have lighting as well, so you can see what is at the back on the top shelf.

BEAUTIFULLY

STYLISH

Smile at yourself every day. With a beautiful mirror both you and your bathroom will look cool. The latest trend is the oval Moon mirror – choose from black, brass and white finish. Real thought has been given to good lighting, that is both quality task lighting (for when a beard needs to be trimmed or make-up is to be perfectly applied) and can be dimmed and adjusted to comfortable mood lighting (when the day is over and you are ready for bed). Don't forget that a mirror is not just a mirror. Dansani mirrors and mirror cabinets are not only on-trend, functional and smart – they are also of very high quality and durability.

**THE PERFECT
FRAME**

A mirror cabinet is more than just a beautiful mirror with storage space. Check your hairstyle from behind using the mirror doors, or get up close and personal with the magnifying mirror when perfecting your brows, and get a complete overview of your bathroom essentials. This is also where you can charge and store your electric toothbrush using the integrated socket and usb port. You can adjust the lighting exactly as required so it beautifully illuminates your face, ensuring that your styling is exactly the way that you want it.

STYLE

With touch control

UNIQUE TOUCH CONTROL

Let the touch control in the mirror cabinet control all the lighting in your bathroom – all you have to do is select a receiver unit and connect the different products together. It is very simple, and there is no need for Wi-Fi or an app.

DAILY PLEASURE

Keep your shaver and electric toothbrush out of the way in a smart mirror cabinet – there are both USB and electric sockets and plenty of room on the shelves.

MAKE YOUR BATHROOM PERSONAL

Create beautiful contrasts with the wide range of different colours and materials to build up your own style.

PRICE GROUP #1 - FOIL AND MELAMINE

- Cabinets in melamine with smooth foil or melamine fronts. Choose handles or push-open.
- Cabinets with foil fronts and integrated handles which turn upwards, so that they do not collect water and dirt.

A HINT FOR SUSTAINABILITY

Front panels in matt white and high gloss white are made of PVC-free foil-covered MDF board where 40 % of the foil materials are recycled.

PRICE GROUP #2 - RUBBER LACQUER AND MATT PAINT

- Cabinets and fronts with exclusive rubber lacquer, matt white paint or matt paint in a bespoke colour from the NCS standard colour range or RAL Classic K7 range.
- Cabinets with rubber lacquer or matt white paint have integrated handles which turn upwards, so that they do not collect water and dirt.

PRICE GROUP #3 - MATT PAINT

- Cabinets and fronts with matt paint in a bespoke colour from the NCS standard colour range or RAL Classic K7 range.
- The fronts have integrated handles which turn upwards, so that they do not collect water and dirt.

FIND YOUR INSPIRATION

Our designers have selected some colours that are in keeping with today's most current interior design trends.

Please note that a colour code can look different depending on brand, materials, finish and light. For this reason, we recommend that you choose a colour in cooperation with your retailer.

NCS – Natural Colour System® property of and used on licence from NCS Colour AB, Stockholm 2019. The colours might not exactly match original NCS colour samples.

STYLISH HANDLES

Underline your favourite style with beautiful handles that match your choice of fixtures and mirrors. Timeless, elegant, classic - the choice is yours.

SUSTAINABILITY TIPS

The black Button handle in recycled plastic is an obvious, sustainable choice. The majority of our other handles are made of a zinc and aluminium alloy called zamak. These are durable materials that can be recycled over and over again. Although having an impact to produce, they are considered sustainable.

Of course, there are simple, minimalist push-open options on all styles with Luna.

Complete the picture by adding simple legs, available in two designs - each in two finishes. See more in the price list.

LOVELY, WARM

TOWELS

A refreshing bath or shower, and then you reach out and grab the towel from the smart heated towel rail. A gorgeous warm, dry towel to add just that little extra touch to every morning.

Choose between 3 models in simple Scandinavian design, according to how much space there is in your bathroom. Of course, all designs have a timer function, use a minimum of power, and are approved for wet-rooms. Plus they are easy to set up.

KVIKA

Tall, stylish model with 5 hooks at 2 different heights for large and small towels. Available in chrome and black.

VITI

A functional model in a modern design, tall enough to have room for all the family's towels. Available in chrome and black.

HYDRA

Tall model that doesn't require much wall space, with 4 hooks placed at 2 heights and LED light indicator. Available in chrome and black.

PRODUCT INFORMATION

SOLID SURFACE BASINS

Solid Surface basins are made from a robust composite material with a waterproof surface that is easy to clean. Please note: The slim basin design means the basin must be supported by furniture under the full width.

PORCELAIN BASINS

Dansani porcelain basins are manufactured from genuine sanitary porcelain, a strong, glazed ceramic material. When fired at approx. 1220°C, the glaze melts to form a hard, smooth and glossy surface which is easy to clean.

NOTE RE. EDGE AND MINORE MADE TO MEASURE BASINS

These basins come without overflow. Unless a concealed overflow system is purchased (not suitable for Circle and Stadium) we recommend that a free flowing waste should be installed.

SILESTONE® WORKTOPS

Silestone® consists of more than 90 % natural quartz, and the surface is hard-wearing and easy to clean.

LAMINATE WORKTOPS

All Luna laminate worktops are made of 25 mm laminate-covered chipboard with ABS edges.

CABINETS

PRICE GROUP #1:

Cabinets in white matt, white gloss, grey matt, Nordic oak, brown oak, black oak and ash grey are made of 16 mm smooth, melamine-coated particle board with ABS edges. Cabinets in white matt with integrated handles and in black matt with integrated handles consist of 16 mm MDF wood fibreboards coated with foil.

PRICE GROUP #2:

Cabinets in black rubber and white matt, are lacquered with moisture-resistant, two-component polyurethane lacquer. Custom colour is lacquered with a matt colour from the NCS standard colour assortment or RAL Classic K7 chart.

PRICE GROUP #3:

Cabinets in a custom colour is lacquered with a matt colour from the NCS standard colour assortment or RAL Classic K7 chart.

The cabinets of all ranges are delivered together with rear panels and adjustable brackets for wall mounting. The cabinets are delivered as standard with aluminium finished bases and rear panels. Tall cabinets, wall cabinets and base cabinets are also delivered as standard with 4 mm glass shelves with polished edges.

Optional extras are available such as push-open on selected cabinets and built-in LED light inside the cabinets, laundry bags and wooden trays. For more information on optional extras, please see the price list.

DOORS AND FRONTS

PRICE GROUP #1:

Smooth doors and fronts in white matt, white gloss, grey matt, Nordic oak, brown oak and ash grey are made of 18 mm MDF wood fibreboards coated with foil and brown oak and black oak is 19 mm laminate-covered chipboard. Fronts with integrated handles in white matt and black matt consist of 22 mm MDF wood fibreboards coated with foil.

PRICE GROUP #2:

Doors and fronts in black rubber and white matt, are lacquered with a moisture-resistant, two-component polyurethane lacquer, and all fronts are delivered with integrated handles. Custom colour is lacquered with a matt colour from the NCS standard colour assortment or RAL Classic K7 chart.

PRICE GROUP #3:

Doors and fronts in a customer-chosen colour is lacquered with a matt colour from the NCS standard colour assortment or RAL Classic K7 chart.

All doors are fitted with metal clip hinges that can be adjusted in 3 directions. The doors are fitted with exclusive dampers that ensure that the doors close softly and silently.

DRAWERS

The drawers have metal sides with concealed drawer runners. They are fully extendable, self-closing and have a soft-close function. The top drawer features a cut-out for waste fittings. The drawers are fully adjustable. Rubber mats are standard equipment in all drawers. Optional extras such as LED light profiles between basin and vanity unit, LED lighting in drawers, wooden trays, handles and push-open kit are available. For more information on optional extras, please see the price list.

MIRRORS

As standard, the Show mirror comes with an anti-mist pad with a separate switch while a pre-installed anti-mist pad can be purchased for other mirrors, and is controlled on and off with the light. Frames for mirrors in white and black are made in powder-coated aluminium while the brass look is anodised aluminium. All mirrors come with adjustable fittings for the perfect result. All mirrors are IP44-approved.

MIRROR CABINETS

All mirror cabinets come with lighting control, an electric socket and a twin USB port. The double-sided mirror doors have adjustable hinges. A round 5x magnifying mirror which can be placed on the inside of the door is included. Mirror cabinets are a melamine-covered chipboard with 4 mm movable glass shelves. All mirror cabinets are IP44-approved. Underlights to provide light onto the basin area and interior lights are available as extras for selected mirror cabinets. Wooden trays for small items are available as extras for mirror cabinets.

WIRELESS LIGHTING CONTROL FOR MIRRORS AND MIRROR CABINETS

Wireless lighting control may be added to mirrors and mirror cabinets so that they can control other mirrors and mirror cabinets with a wireless lighting control device. Plus ceiling lights and pendants with lighting control and a wireless receiver can also be linked. The control is shared so that two mirrors or mirror cabinets can control each other's lights.

The wireless system is a closed 2.4 GHz system that does not require Internet access or a router or create interference with other wireless systems. See more information about installation, fitting and the system range in the mounting instructions for the products at dansani.co.uk.

CEILING LIGHTS AND PENDANTS

The Jupiter ceiling light and the Jupiter and Lyra pendants are available in two designs:

1. 230V system with a set colour temperature of 3,150 Kelvin that can be dimmed by using a trailing edge dimmer at the switch for the room lighting.
2. 12V system with dimming and colour temperature from 2,100-6,500 Kelvin controlled from the mirror or mirror cabinet. NB: Requires a Dansani wireless receiver built into the ceiling to control up to 5 ceiling lights/pendants. If more ceiling lights/pendants are required more wireless receivers must be purchased.

DRAWER LIGHTS

Additional lights running the width of the drawer with a set colour temperature of 3,150 Kelvin automatically turn on when the drawer is opened and are angled downwards into the open drawer to avoid dazzling the user. The drawer lights are IP44-approved.

UNDERLIGHT AS A NIGHT LIGHT

Underlights in vanity units have a built-in motion sensor on which the range and timer for the lights can be set. The light turns on automatically when motion is detected and is the perfect night light.

The sensor comes with a cable with one additional connection so that a side cabinet with underlight can be connected to the same sensor.

The sensor can be purchased separately for subsequent installation with the underlight in other cabinets.

See more information about installation, fitting and the system range in the installation instructions for the products at dansani.co.uk

ENERGY LABEL AND PRODUCT DATA SHEET

Can be downloaded by searching for the relevant product at dansani.co.uk or by requesting a printed copy.

LIGHTING IN GENERAL

Dansani develops its own LED lighting with low power consumption and very high quality light to reproduce colours correctly (Ra 90-95).

Dansani makes an effort to ensure a long life expectancy by designing lighting products so that drivers and LEDs can dissipate the heat, but it is important to note that the life expectancy is significantly reduced if the light is constantly left on.

All mirrors and mirror cabinets except for the Corona mirror come with 12V incremental lighting control from a very warm light of 2,100 Kelvin to a cool light of 6,500 Kelvin and gradual dimming. The most recent setting is remembered when the light is turned off and remains off for a min. of 5 seconds

IP44 CLASSIFICATION

At Dansani your safety is our priority. All the electrical components in our furniture have therefore been pre-fitted to guarantee safe installation. At the same time, we wish to give you an opportunity to maximise the use of the space in your bathroom. Consequently, we have a wide range of IP44-approved products so you can place your furniture as close as possible to water while retaining all the storage space you need. For more information, see "Product series" at dansani.co.uk.

All of our furniture with electrical components is also CE-certified with labels showing the product classification. We recommend that you have the installation carried out by an authorised electrician in compliance with current legislation.

WOODEN TRAYS

Functional storage trays for drawers and cabinets, that can be placed where required. The trays are made of solid oak. To maintain the wood we recommend our white pigmentation wood care-oil.

HANDLES

For furniture with plain fronts handles can be chosen from our large selection of designs and colors. Drilling for handles is an optional extra - see dansani.co.uk/predrilled.

FITTING INSTRUCTIONS

Are included with all orders.

WARRANTY

There is a 10 year warranty against manufacturing defects. On heated towel rails there is a 5 year warranty. Consumables and normal wear and tear is not covered.

For further information regarding quality and tolerances please visit dansani.co.uk.

PRACTICAL INFORMATION

BEFORE YOU ORDER

The furniture is produced to order. Therefore we have a lead time of 2-3 weeks for standard finishes and 6-7 weeks for custom colours.

- Always indicate colour.

- Remember accessories such as handles, push-open, built-in lighting and trays in drawers.

Lead time for made to measure basins is 6-7 weeks.

BEFORE YOU FIT THE FURNITURE

Please read the fitting instructions carefully before commencing installation. All plumbing work should be carried out by a competent plumber. Please note that the dimensions of the basins are subject to variation within the margins indicated. Fitting of the product signifies acceptance of the quality.

MAINTENANCE

Please always read the folder (enclosed with the furniture on delivery) which contains advice and instructions on the maintenance of your furniture. Always read the instructions and declaration of contents of any cleaning agents before you use them on your new furniture.

Cleaning materials containing abrasives and strong acids should not be used. Please make sure that basin and furniture are dried after use. This will make the cleaning easier and avoids your furniture being damaged by moisture.

GENERAL

Dansani reserve the right to make any alteration to the products and make product improvements without prior notice. Dansani cannot be held liable for errors due to misprints. Dansani have an ongoing policy of design, development and improvement, we therefore reserve the right to modify specification and prices without prior notice. **Special orders and furniture that has been fitted cannot be returned.**

Please visit www.dansani.co.uk for further information.

INSTALLATION MEASUREMENTS

WE FOCUS ON

SUSTAINABILITY

SUSTAINABILITY IN EVERY WAY

Dansani takes responsibility and takes good care of our environment. We are energy- and consumption-conscious and have always been so - it is part of our DNA. We have dedicated resources when it comes to sustainability initiatives, and we work very closely with our suppliers and are in control of all components that make up our furniture.

Our basis are the 17 UN sustainable development goals. That means that we generally:

- Develop our products so that their environmental impact in terms of manufacture, usage and, not least, disposal is minimised.
- Use raw materials, water and energy efficiently to reduce the environmental impact.
- Maintain high safety standards for our employees and promote responsible approaches to the environment.

MORE SPECIFICALLY

So what specifically do we do to enable you to make the most sustainable choices? We exclusively focus on solutions that also meet our high quality standards - because long-lasting durability is an extremely important element in a sustainable product. We therefore have 10-year warranties on all furniture. Obviously, it is also possible to repair or replace individual components which may further extend the life of the furniture. It may be an electronic driver for lights in the drawer, or a drawer runner may have been damaged.

But obviously, there are also other elements in play. Let's take a look at the various materials so that you can make an informed decision.

MATERIALS FOR CABINETS, DOORS AND FRONTS

Luna bathroom furniture consists of two different types of wooden boards - a melamine-covered chipboard or a foil-covered or lacquered MDF board.

The carcass of all Luna furniture except for the furniture with integrated handles consists of melamine-covered chipboard. This also applies to all fronts with wooden decors. The board consists of 2/3 recycled wood. The chipboard that is not recycled for the production of new boards is incinerated and generates energy for production, so nothing goes to waste. Luna wooden worktops are also chipboard - here they are laminate-covered.

The fronts in matt and white gloss, are PVC-free, foil-covered MDF boards where 40% of the foil is recycled, so the environment is obviously a factor here as well.

All new wood in our Luna furniture is from sustainable forestry. We now have 93% of all wooden materials in our furniture certified with full traceability. Obviously, our goal is 100%.

BASINS AND SILESTONE® WORKTOPS

In terms of the beautiful Silestone® basins and worktops 20% of the material is recycled and 99% of the water used for production is reused, while the electricity comes from 100% renewable energy sources.

Porcelain basins are durable and are long-lasting and can be crushed for use as road fill or other purposes without the risk of discharging hazardous substances - they can also be recycled to make new basins if a return programme exists.

LIGHTING AND MIRRORS

All light sources are energy-efficient LED lighting with a life expectancy of 20 years with 4 hours of daily use. And when the lamp has served its purpose, it is easy to dismantle and dispose of in an environmentally friendly and safe way. All mirrors are of high quality and therefore have a long life.

APPROVED FOR NORDIC SWAN ECOLABEL BUILDINGS

The Luna range sustainability characteristics mean it has been approved for Nordic Swan Ecolabel buildings.

IF SOMETHING IS WORTH DOING, IT'S WORTH DOING WELL

At Dansani this is our motto. Since our foundation in 1983 it has always been that way and that's how it will continue in the future. We are bathroom enthusiasts through and through and we want to make the bathroom the best room in the house. Therefore our mission is simple - to develop and produce beautiful and well thought out bathroom concepts that create joy in everyday life.

DANISH DESIGN

Danish design is about putting people at the core of the process – Danish design makes everyday life easier, and it's beautiful and simple to look at. For Dansani, it is the embodiment of our designs. It must be good on the eye, it must work effortlessly and it should feel like coming home.

40 YEARS OF QUALITY CRAFTSMANSHIP

Our craftsmanship is managed in our production facilities in Denmark. We have skilled people with respect for the materials they use and with many years of experience. They engage fully with the products and continuously optimise the processes involved, while delivering high quality work every single day is part of their DNA. They do it exactly so that we are absolutely sure of the quality of what we put our logo on.

ENVIRONMENT & SUSTAINABILITY

We have always categorised all waste and been energy conscious at Dansani, and when it comes to our furniture, we make demands on ourselves and on our suppliers. Wood components must be traceable and we keep a keen eye on the proportion of recycled material and not least the energy used in the production of our products. We are honest about the materials we work with and we want to pass on as much information as possible to you as a customer. Read more on our website.
