## WELCOME TO OUR BROCHURE

Welcome to REINA – the UK's leading supplier of designer radiators and heated towel rails.

Established in 2005 and still privately owned. REINA continues to design and create more products than any other company in this field. constantly leading the trend by combining the latest styles and functionality.

Everyone has their own sense of style and design. and that's why REINA has created a range of products that meets the needs of every interior style.

Whether it is timeless classics to the latest in energy efficient designs. our radiators are now one of the most sort after products here in the UK.

Over the years we have worked to create. no matter what. the perfect home environment when it comes to home heating.

We are driven to understand how the REINA products can transform interiors to meet the new fashion designs for the home and our key criteria are style. desirability. uniqueness. originality and innovation.

REINA adds excitement to the world of heating.

The REINA range of designer models are sure to encompass the perfect design for you. no matter what shape. style or size you are looking for and we will continue to remain at the forefront of designer radiators and towel rails.

A modern bathroom interior with a bathtub, a large window, and a vertical aluminium radiator. The walls are covered in hexagonal tiles, and the floor is made of large square tiles. The radiator is a tall, vertical unit with multiple horizontal fins and three horizontal bars across it. It is mounted on the wall next to the window. The overall lighting is soft and modern.

## Why choose an aluminium radiator?

They use very low water content, which mean they can heat up a lot quicker than other materials.

Will reduce your energy costs.

Lightweight and produce terrific heat outputs from even the smaller models.

Recycled Aluminium helps us all with our carbon footprint.

Perfect for ground source heat pumps

Supplied with a 5 Year Guarantee.

The new range of the Luna and t stainless steel towel rails are now polished to a superior standard and feature an elegant design tube arrangement which looks perfect at home in a contemporary or traditional bathroom.

With both models now made in a heavier grade of stainless steel to ensure not just the best quality but you receive the assurance of a 25 year guarantee against manufacturing defect. making these two models the best available stainless steel towel rails in the market.

Consideration has even been given to the design of air vent arrangement. there are no more unsightly air vents on the back of the towel rail and the possibility of venting the system water onto the wall. the new design of air vent is now incorporated and concealed into the top of each towel rail and covered with a perfectly finish screwed on stainless steel cap which completely makes Luna and Eos the answer to your bathroom.
