Made Better by Ellis

We're proud to still be a family-owned business, with the fourth Ellis generation now at the helm. With over 130 years' experience creating beautiful bathrooms, we take as much care over the craft today as our great grandfather did. So whatever vision you have for your space, you can be assured you'll be buying the best bathroom products on the market, built with love and made to last.

By creating bathrooms that are made better, we've earned a deserved reputation for high standards, outstanding attention to detail and exceptional value for money. This makes us one of the most trusted brands in today's market place.

All our ranges are handcrafted by skilled tradesmen using conventional cabinet making skills. We use a unique 'double glue and dowel' system for a stronger build process which is not common in the industry. This means you can be safe in the knowledge that your Ellis bathroom furniture will last for a lifetime.

Our beautiful bathroom furniture is all made to order specifically for your space. With this in mind, the possibilities are endless. You can enjoy the freedom to create something truly unique and exceptional, delivered to your local retailer in a maximum of just three weeks.

J Thomas Ellis, the great grandfather of current directors Richard and Tom Ellis.

Our Guarantee

We offer a comprehensive 10-year guarantee* on all our furniture. Simply register your guarantee online for complete peace of mind, and enjoy the bathroom of your dreams for years to come.

A World of Possibilities

Whatever the shape and size of your bathroom, Ellis furniture is designed to fit just how you want it. With a huge range of units to choose from, built to slot together in almost any combination, as well as numerous finishes and colours to ponder, there is virtually no limit to what we can create for you. Whether you opt for modular furniture or a seamless fitted solution, the world is your oyster.

Maximise every inch of space with our innovative modular furniture solutions

Fitted or Modular

Our fitted furniture allows you to create a wall-to-wall run of storage beneath a single worktop, whatever the width of your space.

Alternatively, our modular units come in a range of fixed sizes - perfect for a free-standing look.

Combine fitted furniture units to configure a bathroom to fit any space

Colour Like Never Before

Colour is bolder than ever in bathroom design, so be brave and go where your imagination takes you.

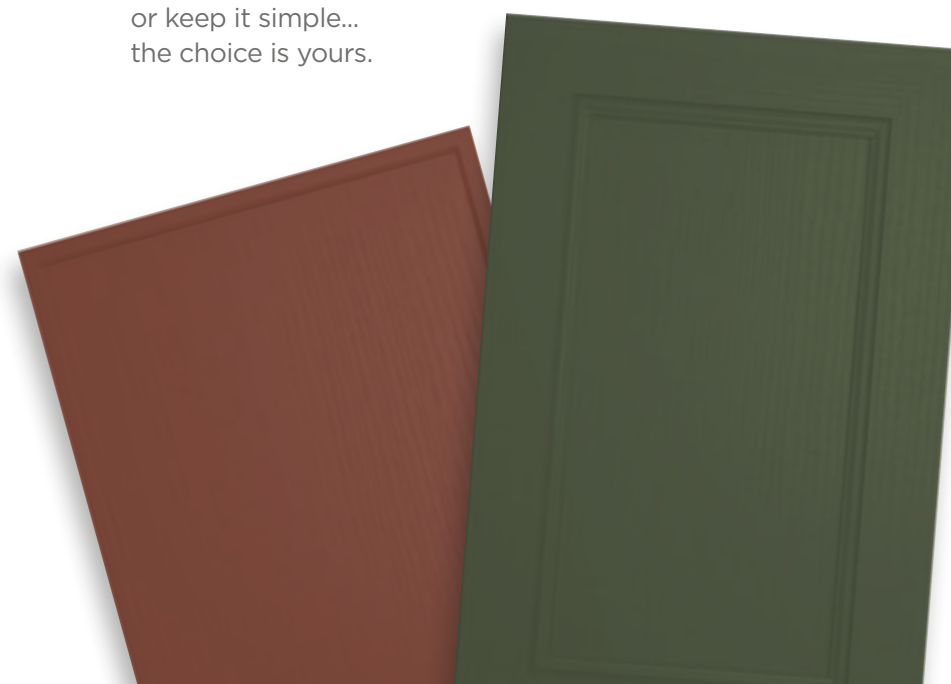

As well as showcasing a range of gorgeous greys and other timeless shades, our 2022 Collection embraces the emerging trend for bold, rich hues. Earthy shades such as Brick and Otter. Wonderful inky and denim blues. Soft and sagey greens. Terra Red and Dusky Pink. Mix and match or keep it simple... the choice is yours.

Look out for this icon throughout the brochure for our hints and tips on working with colour.

For deciding on colour, here are a few useful hints:

1. Consider the source and quality of light in your space before choosing your colour scheme.
2. Don't use dark colours in poorly lit or small spaces. Lighter colours will bounce light around more effectively.
3. Look at current design trends. Natural materials such as slate, marble and wood are always popular, and both flat and gloss finishes remain on trend. When it comes to colour, grey is still high in the charts, but we're also seeing a demand for more distinct shades such as deep blue and dark green.

Quality and Value Built in

Because of the exceptional craftsmanship that goes into everything we build, value for money is, quite simply, part of the furniture. Your beautiful bathroom will last for decades.

Why Choose Ellis?

- All our furniture is made to order in the UK
- 18mm colour co-ordinated cabinets

1891 Fitted Furniture

The 1891 real wood collection of fitted bathroom furniture from Ellis is perfect in all home settings for a timeless look. Ellis fitted furniture works well in main bathrooms, en-suites or cloakrooms, and can adapt to any area to maximise space.

The 1891 collection is beautifully crafted and is available in four stunning door styles and a pallet of 30 on-trend paint colours.

Our paints are water based to reduce our impact on the environment without compromising on quality.

Handmade by skilled craftsmen in Huddersfield.

Stronger build process using double dowels and glue.

New for 2022

Our updated colour palette for the 1891 range is broader than ever, as we embrace the trend for bold, striking hues in the bathroom. Earthy shades such as Brick (pictured above) make a strong statement, pairing beautifully with lighter, more neutral tones; whilst the warmth of Caramel teams well with darker, cooler colours. Whether you opt for classic neutral tones or contemporary deep shades, the timeless elegance of woodgrain shines through.

NEW

Hampshire Copse

Oozing elegance and luxury, Hampshire is part of our real wood 1891 Collection, manufactured from premium solid timbers. Here, this classic in-frame style is shown in Copse, a rich, dark green that's one of this year's most sought-after colours. A brilliant shade for making a striking statement.

GORGEOUS GREENS

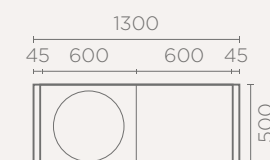

From mellow hues of sage to cool teals and rich olive, green is back in a big way. Darker shades work beautifully with pale neutral colours, while lighter shades look great against black, dark grey and natural wood.

Inzo Perfect Matt Beige

With its high quality matt finish, Inzo sets itself apart in bathroom design. This prevents unsightly fingerprints on the surfaces and considerably reduces the amount of cleaning required. Matt Beige is an on-trend addition to our colour palette for this range, for a light and warm modern look.

WARM TONES
Beige and caramel tones are back. Keep it all neutral, or contrast with deep green, black or brown.

Guarantee & Customer Care

We offer a guarantee, from date of purchase, in respect of faulty materials or workmanship on all products manufactured by JT Ellis. This guarantee is limited to domestic use only by the end user and is based on all products being used in the manner for which they were intended and will be invalid if the products have been abused or misused in any way. The guarantee does not cover general wear and tear. Should a product or part of a product fail during the guarantee period, we will offer a replacement part or a product of nearest available equivalent. Liability is limited to the individual product and does not cover any consequential loss, damage or further installation costs incurred. The guarantee does not cover electrical goods, brassware, sanitaryware, or products not manufactured by JT Ellis.

For full terms and conditions please contact our offices.

COLOUR REPRODUCTION

Whilst every care has been taken to ensure that the contents of this brochure are correct at the time of going to press, the information is for guidance only. All colours shown are reproduced as faithfully as the four colour printing process will allow.

AMENDMENTS

Our policy is one of continuous improvement. Ellis reserve the right, therefore, to amend specifications without prior notice.

SOLID TIMBER AND VENEER FINISHES

J.T. Ellis & Co. Ltd. does not guarantee to provide totally matching colours. This is due to the many different materials used in the construction of our furniture. Some shade, colour and grain variation is a natural feature of all real timber due to the natural composition of the material. Even timber taken from the same log will often show variations when stain and lacquer are applied. Since our furniture is made up of a combination of different materials, some natural and some man-made, there are inevitably some variations. J.T. Ellis & Co. Ltd. works very hard to minimise these variations.

CARE AND MAINTENANCE

Most everyday stains may be removed from units, door fronts and worktops by cleaning with a cloth dampened with soapy water. Do not use any abrasive cleaning agents or scouring pads, wire wool or any similar cleaning aids. Spillages should be wiped off immediately as any liquids left standing can cause damage to worktops, units and plinths. Never chop food or place hot dishes directly on worktops or sinks.

INSTALLATION

Installation should only be carried out by appropriately trained installers. Ellis cannot be held responsible for damage to products during installation, nor for deterioration of products caused as a result of faulty installation.

FSC®

J.T. Ellis is registered to supply FSC® certified furniture. Please contact J.T. Ellis for advice on FSC® certified furniture availability of our product ranges.
