The Basket Collection is the pinnacle of luxurious showering accessories. We have selected the very best material to craft our wall mounted baskets, which all feature innovative, concealed fixings. Other features include a practical hook on some, while on others you will be able to remove them

for easy cleaning. Contemporary shower shelves add sophistication to the wet room environment, so popular today.

Our latest addition to this family of products are the 856 and 866 shower baskets that are gluable. Available in several finishes.

PRODUCT INFORMATION

Clean and care

MIRRORS, GLASS AND METAL CLEANING

We recommend regular cleaning with a mild, soapy solution and then wipe off with a dry cloth. Use of cleaners containing abrasive or corrosive substances, such as ammonia, will destroy the product.

CERAMIC CLEANING

Clean with a mild detergent. Cleaners containing abrasive materials should not be used. Black marks, which appear when in contact with metal objects, can be removed with a ceramic eraser.

BLACK FINISH

We recommend regular cleaning with a mild, soapy solution and then wipe off with a dry cloth. Use of cleaners containing abrasive or corrosive substances, such as ammonia, will destroy the product.

BOND POLISHED BRASS ACCESSORIES AND TAPS – MP CODING

We recommend regular cleaning, or when necessary, with soap and water or a light detergent and then wipe off with a dry cloth. These products are polished from production. The surface of these products is unlaquered/ without protection meaning that it will change over time. The surface is 'living' and with normal usage these products will tarnish and get darker – patina. Please ensure that this finish is to your preference before making your purchase.

The patina/ tarnish can be removed by using brass polish – please seek advice of a specialist and take care not to use polish on other surfaces.

Material

POLISHED UNTREATED BRASS

Our polished brass products have what is called a living surface that will change/ tarnish/ wear over time.
