CONTEMPORARY

*Milano offers the latest in kitchen design.
From stunning gloss, to the latest timber effect
finishes, a contemporary kitchen from Milano
will be a real design masterpiece.*

Creating the present...

CONTEMPORARY

From subtle textures and woodgrain effect doors, to smooth painted matt doors and high gloss doors, our contemporary range of kitchens can be used to create a distinctive look.

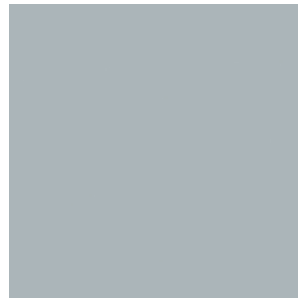

Choose from a single range throughout your kitchen, or why not be more adventurous and use a contrasting woodgrain finish? The contrasting tones within the same kitchen can create an ultra modern kitchen design.

Use our feature open accent cabinets in yellow or blue to inject a burst of colour, or why not choose one of our woodgrain options for a subtle, but still unique, option for your kitchen?

Add your own individual twist by selecting from our range of work surfaces, glass splashbacks and handle options.

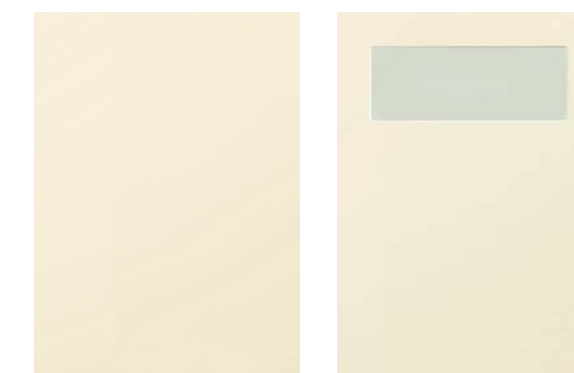

Accentuate dark tones by using copper for your handles and a metallic coloured splashback, or for a more subtle look use a nickel or stainless steel handle paired with a lighter worktop colour such as Alaska and a matching laminate splashback.

With various on-trend colours and finishes to choose from you can make your kitchen a real statement.

ABOUT SYMPHONY

The Milano kitchen collection is brought to you by Symphony one of the UK’s largest suppliers of fitted kitchen, bedroom and bathroom furniture. We have been making kitchens in the UK for over 45 years and are constantly investing in ways to improve our products, service and sustainable manufacturing principles to create the perfect living space.

Each kitchen from Symphony is assured with a 10 year guarantee. Stringent quality control also guarantees you the best quality furniture that’s built to last, so you can buy our furniture with complete confidence. Therefore, we are proud that all our ranges achieve FIRA Gold Award certification. The FIRA Gold Award is the ultimate mark of product excellence and completely evaluates quality, fit for purpose and workmanship of ranges.

You’ll be pleased to know that we take our environmental responsibilities very seriously. Such as having full FSC® chain of custody for all our furniture. We’ve gained the quality assurance accreditation BS 9002 Part 2, and subsequently BS EN ISO 14001:2004 independently endorsing our activities to limit the impact on the environment.

To ensure the continuous development and improvement of our products, we reserve the right to make changes to the colour, design and descriptions or methods of manufacture of our furniture. Such changes may be made without prior notice and without incurring liability. In many of our products we use wood, a natural living material which will reflect a numerous variety of grains and textures and so variances must be allowed for. Styles that feature timber, PVC, laminates, painted and melamine finishes may incur a slight colour change over the years. The term ‘solid timber’ applies to door and drawer fronts only. Colour reproduction in this brochure is as accurate as printing techniques will allow. Not every showroom contains these products. Milano is a registered trademark of The Symphony Group PLC.
